

Dance Unlimited Dancers **Dress Code – BRAVO Center, LLC**

Coming prepared and dressed for class is part of the discipline of dance. It prepares you in many ways:

1. It gets you thinking about class and puts you in the right frame of mind BEFORE you come to the studio
2. It trains you to have all your dance items together and organized in preparation for performances
3. Keeping your hair out of your face allows you to spot during turns and tricks
4. Proper shoe wear and dance wear allow you to move in the ways you need to and allows your teacher to see how your body is aligned

Below are the guidelines you must follow in order to participate in class.

Masks are required by all persons inside the BRAVO Center until further notice.

Ideally, we would like you to have these items available to your student prior to the first day of class.

If you have further questions, please, address them to your dance teacher as they may have specific requests. Thank you for your cooperation.
